

Applicant : Daniel H. Abelow
Serial No. : 10/734,102
Filed : December 10, 2003
Page : 2 of 3

Attorney's Docket No.: 03058-004006

Amendments to the Specification:

Please add the following new abstract:

In an exemplary system, information is received at a central location from different units of a commodity. The information is generated from two-way local interactions between users of the different units of the commodity and a user interface in the different units of the commodity. The interactions elicit from respective users their perceptions of the commodity.
